The Standby Series UPS offers home and small office users the piece-of-mind of surge/lighting protection, and also battery backup in case of brownouts, AC power sags, and total power outages.

The UP825 has 825VA/450W capacity, and is equipped with RJ11/RJ45 ports to protect phone, fax, Ethernet, network, or broadband DSL lines. USB and serial ports allow for connectivity of PowerPanel Personal Edition Power Management software that automatically saves and closes open files and shutdowns the PC in an intelligent and orderly manner. EMI/RFI filters eliminate line noise and disturbances that may affect other electronic devices throughout the home.

The CyberPower UP825 carries a 3-year warranty, coupled with our award winning Technical Support and lifetime Connected Equipment Guarantee of $75,000.

- EMI/RFI - Provides shielding against electromagnetic interference & radio frequency signals. Most commonly, this is used to prevent line noise or “humming” that occurs over telephone lines or stereo electronics.
- USB Connectivity - Easy to use software and convenient USB ports allow for quick and easy installation.
- PowerPanel Personal Edition Power Management Software – In the event of a power outage, PowerPanel Personal Edition will safely save and close your open files and shut your computer down in an orderly, intelligent manner. It also features adjustable battery run times, popup warning messages, event logging, and scheduled shutdowns.
- LED Indicators - LED status lights indicate Power-On and wiring faults.
- Audible Alarms - Audible tones identify when the unit is running off battery power, unit overloads and low battery.
- Resettable Circuit Breaker - Convenient unit reset switch in case of an overload.
- 3-year Warranty - CyberPower will replace damaged units if within 3 years of purchase date. We stand behind our products and guarantee quality. CyberPower also offers a #1 rated technical support team that will assist you with product, installation, or warranty concerns --- Free of Charge!
- ISO & Safety Certifications - All CyberPower’s manufacturing facilities are ISO-9001 Quality Tested. Our products are also certified by the FCC, cUL, and UL.
- Windows Vista ™ compatible- Our Power Management software has been fully tested and is compatible with Windows 200x, Server, XP, and Vista.

Technical Specifications

General	
Model #	UP825
UPS Topology	Standby
Input	
Voltage	100 - 140V
Frequency	57 - 63Hz
Plug Type	NEMA 5-15P
Cord Length	6 ft
Output	
VA	825
Watts	450
Automatic Voltage Regulation	No
On Battery Waveform	Simulated Sine Wave
Outlets - Total	6
Outlets - Battery & Surge	3 x NEMA 5-15R
Outlets - Surge-Only	3 x NEMA 5-15R
Transfer Time	4 ms
Battery	
Runtime at Full-Load	3 Minutes
Runtime at Half-Load	7 Minutes
Battery Specification	1 x 12V/9Ah
Surge Protection and Filtering	
Surge Suppression	1780 Joules
Phone / Ethernet RJ11 / RJ45	1 x RJ11/45 Combo (One-in/One-out)
Coax Protection RG6	None
Management & Communications	
Indicators	LED Indicators
USB Port	
Serial Port	1 x DB9
Software	PowerPanel Power Management
SNMP / HTTP Remote Monitoring	Not Available
